

# GUARD1/tracking

## ID Badge Tag

**Time**Keeping  
Systems, Incorporated

The Guard1 Tracking ID Badge Tag (TAG-008) is a completely sealed and reusable device with a long-life battery. It is worn on a lanyard or in a pocket of individuals to be tracked within facilities utilizing the Guard1 Tracking system.

To use Guard1 Tracking ID Badge Tags you will need:

- Lanyards (if desired)
- Guard1 Tracking ID Badge Tags
- Guard1 Tracking System

**Instructions:**

- Individuals to be tracked wear the tag on a lanyard or in a pocket.
- The Guard1 Tracking Wristband Tag may be reused during the useful life of the battery.

FCC Statements:

This equipment has been tested and found to comply with the limits for Class B digital devices pursuant to Part 15, Subpart B of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential environment. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by TimeKeeping Systems, Inc. could void the user's authority to operate the equipment.

This device is exempt from SAR Evaluation, per §4.3.1 of KDB 447498.

Industry Canada Statements:

English	French
This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.	Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
This device is exempt from SAR Evaluation, per RSS-102 §2.5.1.	Cet appareil est exempt de l'évaluation SAR, selon RSS-102 §2.5.1.
