

Duress 12 Pendant 12.7 ID Information

The FCC and Canada IDs will be molded in the housing of the device. The following is a mock-up of how this information will appear.

Note that the ID numbers on this mock-up are not the actual ID values and just represent how they will be placed on the housing. The actual numbers will be as follows:

MODEL: DD-0020
FCC ID: MTD-0020
IC: 12375A-0020
