Attestation and Request for Dismissal

January 6, 2016

Re: FCC ID: MTDTAG001

To whom it may concern:

MTDTAG001 devices have been used only for testing purposes. They have never been offered for sale and will not be offered for sale in the future. No MTDTAG001 devices have been sold in the United States, or in any other country.

We currently have an improved design in progress. The new design will be tested for compliance when it is finished. In addition, we will test the MTDTAG001 design to obtain a new FCC ID for the higher power level.

As a result we believe that there is no remedial action for us to take regarding MTDTAG001.

In light of the above, we are requesting dismissal of FCC ID MTDTAG001.
