#	DESCRIPTION	FUNCTION
1	+ Volume Up	Press + to increase the volume.
2	☎ (Power/Talk/Play/Pause/Pairing) button	Press to turn on your stereo headphones. If you receive a phone call, press to talk. Press to pair your headphones with a Bluetooth enabled device.
3	</> Next Track Previous Track	Press < to skip to the previous track/fast rewind. Press > to skip to the next track/fast forward.
4	- Volume Up	Press - to decrease the volume.
5	Indicator LED	Shows current status of the headphones.
6	Microphone	Allows you to talk on the telephone.
7	3.5 mm audio jack	Connect one end of the included audio cable to the headset's audio jack and the other end to the music devices headphone jack
8	Micro USB port	Plug the micro USB connector into this port to charge your headphones.

CHARGING YOUR STEREO HEADPHONES

- When the red indicator LED blinks three times every minute and the voice prompt says "battery low", the battery is low. To charge the battery, plug the charging cable into your computer and into the microUSB port on your headphones. The red LED turns on to indicate that the battery is charging and turns off when fully charged.

BLUETOOTH BASIC INDICATION

Bluetooth function indication

Reject call	Press and hold ☎ when a call is incoming		Two long beeps
Redial	Double press ☎		Two short beeps
Reset device list	Long press ☎ button more than 10 seconds in power off mode	Red LED flashes 10 times	

USING WITH THE AUDIO CABLE

You can use your headset with non-Bluetooth enabled devices or on airplanes (in which the use of Bluetooth may be restricted) by taking advantage of the headset's audio jack. Corded operation does not require battery power for music listening. The microphone and the FullSound digital sound enhancement will not work via the audio cable.

Note: Finish your call before connecting the audio jack, as this will switch off battery power and cut an ongoing call.

USING YOUR STEREO HEADPHONES

Turning your stereo headphones on and off

- 1 Place the headphones on your head.
- 2 Press and hold the ☎ button more than two seconds. The LED blinks blue (when turned on) or red (when turned off) and the voice prompt says "Power on" or "Power off".

PAIRING YOUR STEREO HEADPHONES

Notes:

- Range is 33 feet (10 meters)
- Supports easy pairing
- Prompts you by saying "Device Connected," when connected
- Supports a battery indicator icon on an iOS device

Pairing with a cell phone or MP3 player

- 1 With your stereo headphones turned off, press and hold ☎ for four seconds. The blue and red LEDs blink alternately.

- 2 On your phone or MP3 player, select **INSIGNIA NS-CAHBT0E01** from the list of discovered devices, then enter the password **0000** (four zeros) (if required) to pair your headphones.

For more information on pairing Bluetooth devices to your cell phone or MP3 player, see the device's documentation.

Note: After the headphones have been successfully paired with the cell phone or MP3 player, the headphones will automatically reconnect to the phone or MP3 player.

Pairing with a computer running Windows

Note: Before you pair the headphones with the computer, make sure that the computer is equipped with Bluetooth. Refer to the computer's documentation or contact the computer manufacturer for more information. If your computer is not Bluetooth compatible, install a Bluetooth USB adapter (dongle).

1 Turn on Bluetooth on the computer. For instructions, see the computer's documentation or contact the computer manufacturer.

2 Double-click the **Bluetooth** icon in the system tray, then click **Add a device (Add Wireless Device)** using Windows Vista).

3 With the headphones turned off, press and hold  for four seconds. The LED blinks blue and red alternately. Pairing mode is activated.

4 Double-click the **INSIGNIA NS-CAHBTOE01** icon on the computer or highlight the icon, then click **Next**.

Note: If you are unable to locate the **INSIGNIA NS-CAHBTOE01** icon, click the **Search Again** button.

5 If required, enter **0000** (four zeros) in the **Bluetooth security code** field, then click **Next**.

6 After the headphones have been paired, click **Close**.

Note: The headphones should be automatically selected as the default playback device (Windows® 8, Windows® 7, or Windows Vista®). To make those settings manually, refer to the *User Guide*.

Pairing with a Mac computer

Note: Before you pair the headphones with the computer, make sure that the computer is Bluetooth compatible. Refer to the computer's documentation or contact the computer manufacturer for more information. If your computer is not Bluetooth compatible, install a Bluetooth USB adapter (dongle).

1 Turn on Bluetooth on the computer. For instructions, see the computer's documentation or contact the computer manufacturer.

2 Click the **Bluetooth status** menu.

3 Click **Set up Bluetooth Device**. The *Bluetooth Setup Assistant* opens.

4 Click **Continue**.

5 Select **Headset** as the device type, then click **Continue**.

6 With the headphones turned off, press and hold  for four seconds. The LED blinks blue and red alternately. Pairing mode is activated.

7 Select **INSIGNIA NS-CAHBTOE01**, then click **Continue**. The computer gathers information.

8 Click **Continue**.

9 Enter **0000** (four zeros) into the **Passkey** field, then click **Continue**.

10 Click **Quit** to finish.

Note: To use the headphones, they must be selected as the default input and output device on the computer.

11 Click **System Preferences**, then click **Sound**.

12 Under **Input**, select **INSIGNIA NS-CAHBTOE01**, then under **Output**, select **INSIGNIA NS-CAHBTOE01**.

For more information on using your headphones with Skype, refer to your *User Guide*.

RESETTING YOUR STEREO HEADPHONES

- To reset your headphones, with your stereo headphones turned off, press and hold for five seconds.

- Reset your BT headphone
- Plug in the micro USB cable for charging

LEGAL NOTICES

FCC statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Statement:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, maybe cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RSS-Gen & RSS-247 Statement:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RSS-102 Statement

This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme à l'exposition aux rayonnements Industry Canada limites établies pour un environnement non contrôlé.
