FEDERAL COMMUNICATIONS COMMISSION

7435 Oakland Mills Road
Columbia, MD 21046
USA

Subject: FCC Certification Authorization Application under FCC PART 15, Subpart C, Sec. 15.247 - Direct Sequence Spread Spectrum Transmitters operating in the frequency band 2412 - 2462 MHz.

Product: PCMCIA Wireless LAN Card
Model No.: WL-205
FCC ID: MXF-WL205

Dear Sir/Madam,

As appointed agent for **GemTek Technology Co. Ltd**, please find enclosed the following items for FCC certification and confidentiality filing:

- Copy of the engineering report
- Letter requesting for confidentiality filing
- Letter authorizing Ultratech Engineering Labs Inc. to act as an agent on behalf of GemTek Technology Co., Ltd.
- Multiple listing letters of agreement from Gemtek Technology Co. Ltd. and NgeeAnn Polytechnic
- FCC Declaration of Conformity (FCC Part 15, Subpart B – Unintentional Radiators, Class B computing Devices for Home & Office Use) document.

Since the RF exposure safety distance is small (1.5 cm.), due to the low power and low gain antenna used, and the antenna is integrated on the PCB which is enclosed inside a case. We would like to apply for the exemption for compliance with the SAR tests.

If you have any queries, please do not hesitate to contact us.

Yours truly,

Tri Minh Luu, P. Eng.,
V.P., Engineering
