RE: Certification Application  
FCC ID: MYF-XI-325

Please find enclosed application materials for certification of Hyperlink 802.11b DSS System. This system consists of indoor and outdoor, professionally and end-user installed radio, amplifier, filter, antenna configurations. The end-user systems have specialty connectors, while the professional systems have standard N-type connectors. The permissible operating channels are fixed in the PCMCIA radio firmware and the amplifier power ratings are also set by the manufacturer prior to shipment.

Note:

- 1) portions of this submittal are filed Confidential
- 2) a list of the modifications made is provided in Attestations.

If there are any questions regarding the application or testing performed, please contact me at the above address or call 734-483-4211, fax 734-647-2106, or e-mail [liepa@umich.edu](mailto:liepa@umich.edu).

Sincerely,

A handwritten signature in cursive script, reading 'Valdis V. Liepa'.
