Subject: Updated Confidentiality Request
FCC ID:MZKBTS4000-1900
Products: BTS4000

It is requested that the following items associated with this submission be held in confidence in accordance with FCC Rule Section 0.459:

- a) Schematics
- b) Block Diagram (or Technical Description)
- c) Parts List
- d) Internal Photographs

The reason AirNet requests that the internal photographs be held confidential is to try to prevent competitors from gaining access to this data. AirNet's customers are under a non-disclosure agreements with AirNet. This prevents them from distributing photographs of the equipment. Certain components, such as the amplifiers, have their warranty voided if the cover is removed by unauthorized personnel which also discourages the user from opening these modules and photographing them.

This request has been previously granted for AirNet's MZKBPU2000-1900, MZKRE2000-1900, MZKRE3000-1900 and MZKBPU3000-1900.

Sincerely,

Stephen Cassidy
Compliance Engineer
