RE: FCC ID: N3EACTTRACK82019

Dear Ms. Taube:

On May 2, 2003 we certified a device with the above-referenced FCC ID: N3EACTTRACK82019, and uploaded all relevant files to the EAS database. Immediately after this filing, we discovered that an error had been made in entering the FCC ID: we inadvertently deleted one of the characters specified by the applicant. As a consequence, there is disagreement between the label exhibit and other applicant documentation, with the filed FCC ID.

We respectfully request that this certification be dismissed, owing to the erred FCC ID. A new application has been filed, reflecting the correct FCC. We regret the error, and thank you for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Roland W. Gubisch".
