

Prepared by Andrei Sazonov		Product name/number DRC-DR D3, DRC-BM D3		
Document responsible (approved by) Andrei Sazonov	Checked AS	Date: YYYY-MM-DD 2015-01-14	Release A	File Name SCANRECO - DRC-DR_BM D3 Single Modular Approval Cover Letter2.docx

Single Modular Approval Cover Letter according to requirement of 15.212

FCC ID: N5OD3DRCDRBM

Following characteristics applies to the radio transceiver module designed and manufactured by Scanreco Industrietechnik AB:

1. The module has shielding.
2. All the inputs including data modulator input are buffered.
3. The module has its own power supply regulator.
4. The module is intended to work with the listed antenna by using its antenna contacts of SMB type. The product professionally installs by the Scanreco or its representatives under Scanreco control.
5. The module is fully tested in a stand-alone test fixture. The test fixture uses unmodified commercially available instrument to test the module.
6. The module is labelled with its own FCC ID number. Below is an example of the label. Warning text is in the user manual.

7. The module fulfills FCC Part 15.247.
8. The module complies to the RF exposure requirements.
