

Request for Class II Permissive Change

December 6, 2013

Federal Communication Commission
Equipment Authorization Division
Application Processing Branch
7435 Oakland Mills Road
Columbia, Maryland 21046

FCC ID : N6C-PFSDMGN
Applicant: Silex Technology, Inc.

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: N6C-PFSDMGN, originally granted on 07/04/2012.

We want to add the following Antenna.

- Printed PCB Antenna (Model: WHA9400-2301E)

Please refer to attached "Theory of operation" for details of this antenna.

This time, we performed the testing and confirmed that this product still meets the minimum requirements of the applicable rules of FCC. Please refer to the test report submitted with this application.

Thank you for your attention to this matter.

Sincerely,

Toshiro Kometani
Silex Technology, Inc.
