

## Authorization Letter

TO:

Federal Communications Commission  
Authorization and  
Evaluation Division

FCC ID: N6C-SDMAC  
M/N: SDIO Wireless Module

We, Silex Technology, Inc., were granted single modular approval of model: SX-SDMAC for mobile configuration per FCC grant issued on April 27, 2018. The company, Honeywell International Inc, uses this wireless module (FCC ID: N6C-SDMAC) in their portable device (Product Name: Thermal Printer, M/N: RP2D, RP4D), and requests permission to lower transmit power for the modulation mode 802.11b and perform SAR testing with their host device.

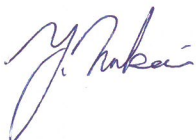

Silex Technology, Inc. authorizes Honeywell International Inc (Compliance Leader: Lucas Wang) to implement this change via a Class II Permissive Change based on wireless module FCC ID: N6C-SDMAC.

Sincerely,

Date: September 10, 2018

Name: Yoshinori Nakai
