Ref: FCC Class II Permissive change for FCC ID: **N6C-SDMAC**
Original Grant Date: 11/07/2018
Applicant: Silex Technology, Inc.

Dear Examiner,

This is to request a Class II permissive change for FCC ID: **N6C-SDMAC**.

The major change filed under this application is:

1. Enabling channels 144 (HT20), 142 (HT40), 138 (HT80) in UNII bands. Evaluation has been done upon EMC and RF exposure to ensure RF characteristics do not degrade and comply with rule part 15.407. The mechanism of radar detection is remained the same in this application, and the DFS performance is evaluated as no change as well.
2. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
3. The security mechanism in the firmware is remained unchanged as it is in original grant conditions.

Sincerely yours,
