

Request for Class II Permissive Change

September 21, 2016

Federal Communication Commission
 Equipment Authorization Division
 Application Processing Branch
 7435 Oakland Mills Road
 Columbia, Maryland 21046

FCC ID : N6C-SDMAN
 Applicant: Silex Technology, Inc.

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: N6C-SDMAN, originally granted on 08/20/2012 and all its permissive changes.

We performed the SAR testing with specific host WIRELESS TEACH PENDANT (FDWLTPDSJN-2) and granted on 09/17/2015.

At that time, Bluetooth function (BDR/EDR/LE) and Wireless LAN W56 (5500-5700MHz) were not used in the host device by controlled software setting. This time we performed the additional SAR testing to add the band of Wireless LAN W56 (5500-5700MHz).

Please refer to attached "Test Report" and "Theory of operation" for details of these modifications.

Meanwhile we submit the following documents related to this change. There is no change before and after change except for these documents.

<input checked="" type="checkbox"/>	Test Report
<input type="checkbox"/>	External Photo
<input type="checkbox"/>	Internal Photo
<input type="checkbox"/>	User Manual
<input type="checkbox"/>	Label drawing/ location
<input type="checkbox"/>	Block Diagram
<input checked="" type="checkbox"/>	Theory of operation
<input type="checkbox"/>	Schematic Diagram
<input type="checkbox"/>	Parts List

Thank you for your attention to this matter.

Sincerely,

Toshiro Kometani
 Silex Technology, Inc.
