

Non-Conformities FCC ID: N6C-XRX610 (CKC CS Ref # E09-000143-FCC-01)

The items listed below represent requests for information following review of this application for certification under United States (FCC) regulations. Further question may arise pending review of responses to these items.

OK	ID	#	Non-Conformity or Comment	Submitted Response	Respondent / Date of Response
	C	1	Requests for internal photos must be reviewed by the FCC. Either submit more explanations on why you desire to hold confidential the internal photos or supply another letter of confidentiality removing the need to hold confidential the internal photos. Conditions to which the FCC has approved these requests are that the device has tamper-proof screws and simply can't be opened by the consumer. It is not a simple justification. In general, consumer products do not qualify.	Withdrawing confidentiality for internal photos. New request is attached.	Ron Tozaki 11/09/2009
	C	2	Please provide RF exposure statements in your User's Manual regarding the safe separation distance the users must comply with based upon the MPE measurements. (OET 65 Sup C)	Submitting new user's manual; see page B-1 last paragraph Sent an updated users manual that addresses all the FCC & IC non-conformity issues.	Ron Tozaki 11/09/2009 Ron Tozaki 11/13/2009
	C	3	Please provide an updated users manual incorporating the statement required by 15.21. <i>"The users manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment."</i>	Submitting new user's manual; see page B-1 third paragraph. Sent an updated users manual that addresses all the FCC & IC non-conformity issues.	Ron Tozaki 11/09/2009 Ron Tozaki 11/13/2009
	C	4	Please provide an updated users manual incorporating the appropriate users manual statement in accordance with 15.105. <i>'This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</i>	Submitting new user's manual; see page B-1 second paragraph & bullets. Sent an updated users manual that addresses all the FCC & IC non-conformity issues.	Ron Tozaki 11/09/2009 Ron Tozaki 11/13/2009

			-- Reorient or relocate the receiving antenna. -- Increase the separation between the equipment and receiver. -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -- Consult the dealer or an experienced radio/TV technician for help.”		
	C	5	In accordance with section 15.19(a)(3) must include this statement in the User’s Manual, “This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”	Submitting new user's manual; see page B-1 numbered bullets. Sent an updated users manual that addresses all the FCC & IC non-conformity issues.	Ron Tozaki 11/09/2009 Ron Tozaki 11/13/2009

The items indicated above must be submitted before processing can continue on the referenced application. Failure to provide the requested information within 60 days may result in application dismissal pursuant to Section 2.917(c) and forfeiture of the filing fee pursuant to Section 1.1106.

How to read the table:

OK column indicates closure by CKC CS.

ID column is for use with Agents to assist in identifying the probable source for closure.

A – Application issue

TL – Test lab issue

C – Client issue

R – Retesting may be necessary

column indicates unique or separate non-conformity items (note some items may be related).

Non-Conformity or Comment column indicates the evaluators specific question or comment.

Submitted response column indicates the response or a summary of the response provided.

Respondent / Date of Response column indicates the responding party or agent and the date of the response was either received or logged.
