

9.5x30.34 Narrow Frame  
Advantage Overhead Antenna

A photograph of a narrow frame overhead antenna. The antenna is made of a thin metal wire bent into a rectangular shape with rounded corners. It is laid out on a white, crumpled paper background. The text is printed in red in the center of the frame.

9.5x35.42 Encore Overhead Antenna

A photograph of an encore overhead antenna. The antenna is made of a thin metal wire bent into a rectangular shape with rounded corners. It is laid out on a light-colored, textured paper background. The text is printed in white in the center of the frame.

9.5x42.34 Wide Frame  
Advantage Overhead Antenna

A photograph of a wide frame overhead antenna. The antenna is made of a thin metal wire bent into a rectangular shape with rounded corners. It is laid out on a white, crumpled paper background. The text is printed in white in the center of the frame.
