Request to Replace Internal Photographs**

To Whom It May Concern:

On behalf of Sierra Wireless Inc. is a request to replace the internal photographs previously submitted with the revised internal photographs as attached. The only difference in the replacement photos is that the manufacturer's identifications on the PCB chipsets have been removed due to the applicant's desire for confidentiality of these components. We respectfully request that the new internal photographs replace the previously submitted internal photographs.

If you have any questions or comments concerning the above, please contact me.
