Request to Replace Revised Internal Photographs**

To Whom It May Concern:

On behalf of Sierra Wireless Inc. is a request to replace the revised internal photographs submitted to the Commission on October 12, 2001. The only change in the second revision is a manufacturer's identification inadvertently remained on a PCB component and is now removed due to the applicant's desire for confidentiality of this component. We respectfully request that the 2nd revision internal photographs replace the previously submitted revised internal photographs.

If you have any questions or comments concerning the above, please contact me.
