

Sierra Wireless, Inc., Aircard 510

Date of Test: March 31, 2000

**8.0** Miscellaneous Information or Other Comments

None.

8.1 Labeling - USA

Products subject to Declaration of Conformity (DoC) shall be labeled as shown below. The label shall be located in a conspicuous location on the device and shall contain the unique identification described in FCC Section 2.1074.

The label shall not be a stick-on, paper label. The label on these products shall be permanently affixed to the product and shall be readily visible to the purchaser at the time of purchase, as described in FCC Section 2.925(d). "Permanently affixed" means that the label is etched, engraved, stamped, silkscreened, indelibly printed, or otherwise permanently marked on a permanently attached part of the equipment or on a nameplate of metal, plastic, or other material fastened to the equipment by welding, riveting, or a permanent adhesive. The label must be designed to last the expected lifetime of the equipment in the environment in which the equipment may be operated and must not be readily detachable.

- (i) If the product is authorized based on testing of the product or system

- (ii) If the product is authorized based on assembly using separately authorized components and the resulting product is not separately tested:

## 8.2 Labeling - Canada

**Canadian Emissions and Labeling Requirements**

The Canadian Government has announced an amendment of the radio act which will require computing equipment to comply with EMI Specifications in Canada. The effective date for products imported into Canada is January 31, 1989.

The intent of the amendment is to establish Canadian Regulations which are harmonized with the existing FCC Regulations. As such, no retesting is required and devices which have been tested and comply with the FCC Specifications (Class A or B) also comply with the Canadian Specification (Class A or B).

A record of the measurements and results shall be retained by the manufacturer or importer for a period of at least five years and made available for examination on the request of the Canadian Government.

A written notice indicating compliance must accompany each unit of digital apparatus to the end user. The notice shall be in the form of a label that is affixed to the apparatus. Where because of insufficient space or other restrictions it is not feasible to affix a label to the apparatus, the notice may be in form of a statement included in the user's manual.

A suggested text for the notice, in English and French, is as follows:

**This Class [\*] digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations.**

**Cet appareil numérique de la classe [\*] respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.**

\*Insert either "A" or "B" but not both as appropriate for the equipment requirements.

## 8.3 Compliance Information - USA

If a product must be tested and authorized under a Declaration of Conformity, a compliance information statement shall be supplied with the product at the time of marketing or importation, containing the following information:

(a) Identification of the product, e.g., name and model number.

(b) A statement that the product complies with Part 15 of the regulations:

**This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.**

(c) The identification, by name, address and telephone number, of the responsible party. The responsible party for a Declaration of Conformity must be located within the United States.

The compliance information statement shall be included in the user's manual or as a separate sheet.

The users manual or instruction manual shall also caution the user that:

**Changes or modifications not expressly approved the party responsible for compliance could void the user's authority to operate this equipment.**

Date of Test: March 31, 2000

8.4 Manufacturer's Certification

**Declaration of Conformity**

Standard to which conformity is declared: FCC PART 15 § 24

**Manufacturer/Importer's Information**

Name: SIERRA WIRELESS, INC.  
Address: SUITE 150, 13575 COMMERCE PARKWAY  
RICHMOND, BC, CANADA, V6V2L1  
Telephone Number: 604 - 231 - 1100

**Equipment Information**

Type of Equipment: PCS BAND CDMA WIRELESS MODEM  
Trade Name: AIRCARD  
Model Number: 510  
Test Report Reference: J20007760B (PART 15 - PDF)

I, the undersigned, hereby declare that the equipment specified above conforms to Part 15 of the FCC Rules.
