**RE: Application for Class II Permissive Change  
FCC ID: N7NAR7582**

Dear Sir/Madam:

This is to request a Class II permissive change for FCC ID: N7NAR7582, originally granted on 05/31/2017.

The major change filed under this application is:

1. Adding one Low Pass Filter to suppress the 2<sup>nd</sup> /3<sup>rd</sup> harmonics of LTE B13.
2. Improved the PCB grounding.
3. Remove LTE B20 Duplexer(FIL1801) and relative RF matching components.

For the detail changes, please refer to the attachment of this letter.

We have verified the all the items in FCC for LTE B13, and RSE for all the other bands, make sure the new hardware has the same performance with the original FCC ID.

If you have any questions regarding this application, please feel free to contact me.

Best Regards

A handwritten signature in black ink that reads "Suzi Lan".
