160126C01

A close-up photograph of a metal component, possibly a part of a vehicle's body or a mechanical assembly. The component is a light grey or silver color and features several circular holes and a complex, curved shape. A prominent feature is a rectangular patch of gold-colored mesh material, likely a repair or a decorative element, located in the center of the component. A white rectangular label with the alphanumeric code "160126C01" is placed over the lower portion of the component. The background is a light blue, textured surface.

160126C01

A photograph of a metal component, possibly a bracket or a part of a larger assembly. The component is dark-colored and has a complex shape with several circular holes. A white label with the text "160126C01" is attached to the component. There are three rectangular fasteners: two are light-colored and one is yellow. The component is set against a light blue background.
