Dear Claire,

You are listed as the Technical Contact for the above referenced TCB application. The following item(s) need(s) to be resolved before the review can be continued:

1. The Operational Description exhibit indication of the original Grant date states the year 2014, but should state September 14, 2010. Please correct.

<answer> pls see revised operational description exhibit.

2. Please confirm that the antennas that are approved for use with this have already been approved and that the allowed host devices are all considered Mobile RF Exposure category (>20cm separation). Please also confirm that the existing RF Exposure exhibit from the previous approvals of this FCC ID are still applicable to this application.

<answer> Yes, client has confirmed the antennas that are approved for use with this application have already been approved and that the allowed host devices are all considered Mobile RF Exposure category (>20cm separation). Client also confirmed that the existing RF Exposure exhibit from the previous approvals of this FCC ID are still applicable to this application.

12/21/2010

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender. Revised documentation should not be emailed, but instead should be submitted through "Add Attachment" function at the UL-CCS website. Please have your Assessment Number and FCC ID/IC Certification number handy. You may use the following link: <https://cert.ccsemc.com/filing/>

Best regards,

Chris Harvey
