RE: Class II Permissive Change Application for FCC ID: N7NMC8355-L

Dear Sir/Madam:

Sierra Wireless Inc. is submitting an application for Class II Permissive Change to our Mini-PCIe wireless WAN card, Model MC8355 (FCC ID: N7NMC8355-L).

Description of Changes:

- 1) The product MC8355 will be installed in the following model of laptop: Lenovo Model: TP00019A

The antenna connected to the MC8355 is located in the display of the laptop with characteristics according to enclosed document.

- 2) The above mentioned note book is in Portable conditions and may have installed co-located transmitter devices according to the OEM installation Guidance newly added for Portable conditions.

There is no modification of hardware, electrically nor the 2-Way Authentication mechanisms made to the modular transmitter itself.

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

A handwritten signature in black ink, appearing to read "Ying Wang", written over a light blue horizontal line.
