**Re: C2PC authorisation and cover letter FCC ID: N7NMC8355  
(WWAN Module: GOBI3000) and IC: 2417C-MC8355**

Sierra Wireless, Inc. hereby authorises Chris Zombolas of EMC Technologies to file Class II permissive change applications for the Sierra Wireless Air Prime Module model number MC8355 (FCC ID: N7NMC8355 and IC: 2417C-MC8355). This authorization is valid for the following class II permissive change applications only and may be revoked at anytime by Sierra Wireless, Inc. immediately upon written notice provided by Sierra Wireless, Inc. to EMC Technologies.

The class II permissive change under this authorization is for the UMTS/EVDO WWAN radio module MC8355 co-located with **any** of the following simultaneous transmitting radio modules within a **Fujitsu portable host device** that complies with FCC multi-transmitter product procedures as per KDB 447498 and/or KDB 616217 and/or KDB 616217 and/or KDB 178919.

The WWAN module is factory embedded or WWAN ready (user installable) in Fujitsu portable tablet notebook PCs with 2-way mutual authentication for the latter condition.
