

Declaration of RF Exposure Compliance Report

Product Name: MC8700, PCI Express Mini Card

Model Number: MC8700

Manufacture: Sierra Wireless Inc.

Test Laboratory: SGS-CSTC Standards Technical Services (Shanghai) Co, Ltd.

MPE Report No.: SHEMA09090109403

We SGS declare: If the maximum antenna gain is less than 8.22dBi in Cellular Band and 3.5dBi in the PCS band, the product MC8700 complies the FCC Rules 47 CRF and MPE limit and RSS-102 rule.

Our engineer input wrong value of antenna gain and calculate wrong MPE in previously version of MPE report. We'll submit the updated MPE report to fix the problem soon. Please withdraw previously grant if it brings trouble to anyone.
