Ref: TCB application Form 731, Item 7. FRN: 0011535564

Dear Sir/Madam,

Pursuant to 47CFR0.459, we would like to request permanent confidentiality for the material included in the above-mentioned FCC application. Request for permanent confidentiality covers the following documents:

Schematics, block diagrams, and operational procedures.

The reason for our confidentiality request is that the submitted material includes highly proprietary engineering designs and trade secrets that once disclosed will hurt our competitive advantage in the market place. Those engineering designs and trade secrets were developed over many years and; therefore, we ask for them to be kept confidential.

Sincerely,

Hani Kayyali
