Technical review complete, RT question below. I saved the checklist in H/Emi/METrak Folders/FCC ID N9Z217S13.

RT question;

1. Please confirm compliance with Sections 15.231(a)(1) (for manual registration mode) and 15.231(a)(2) for normal operation mode.

Hi Greg,

The next new HKSTC I was talking about. If you can get to this one first since its the oldest, just dump it into a folder like you did before, and I'll setup metrak job when I get there Thursday. The other two new ones that came today, I'll setup properly on Thursday and refer them to you then. Thanks.

Marianne

Hi Marianne,

I have a new application apply FCC cert. (FCC ID: N9Z217S13) please see attached file for details.

Another, would you help me check the status of LU9261490.

Thanks.

Best Regards

Alice
