

To Whom It May Concern:

The equipment for which this Class 2 application is filed was originally type-accepted under Part 95 and has operated for years under those rules. By this application, type acceptance is requested for Part 90 operations (secondary authority) for the identical equipment. No changes to the equipment that has operated under Part 95 rules have been made. By a separate attachment, a copy of the application for Part 95 type acceptance for this equipment is provided.
