Dear Helen,

Please refer to below for our reply.

Best Regards,

Ting

Question #1: Please explain why FCC DoC logo is necessary placed on the FCC ID label format. The device is a wireless scanner.

Ans #1: FCC logo is removed as attached revised label format.

Question #2: The manual does not contain any information as how to install the software to enable bluetooth function and how to setup communication link between the scanner and the cradle. Please provide basic application information.

Ans #2: Please refer to the attached for revised user manual.

(See attached file: AS-8510 Scanner Label Smp & Loc revised 0311.pdf) (See attached file: AS-8510 Scanner UserMan revised 0311.pdf)

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
