Re: **Submitting Class II Permissive changes to the NBZNRM-6832 filing. Minstrel III**

Gentlemen:

We wish to file a Class II Permissive Changes in accordance with 47CFR2.1001 (b)(2) to the NBZNRM-6832 filing on behalf of Novatel Wireless Technologies Ltd.

The purpose of the changes is to allow the NRM-6832 to be configured as a detachable wireless modem for the model of Palm Pilot personal digital assistants.

The actual changes are described in the letter from Novatel. Please see EXHIBIT 1.b.

The changes are implemented to create the Minstrel III product. The Minstrel III shape and industrial design are tailored to the Palm III product.

The Minstrel III product is a hand-held device, which is operated by holding the device in one hand while operating the Palm device via push-buttons or a stylus with the other hand. The primary application for the device is interactive Internet applications such as e-mail and web browsing.

In addition to the Minstrel III, the NRM-6832 will continue to be marketed as a stand-alone radio module, in which case the safety warning included with the original filing will apply.

Enclosed please find the following items:

- 1 Form 731 (Remittance in the amount of \$45.00 forwarded to Melon Bank)
- 2 Authorization Letter- EXHIBIT 1
- 3 Letter from Novatel describing the changes for Class II Permissive Changes – EXHIBIT 1
- 4 RF Power Output Measurement Data- Exhibit 2
- 5 SAR Reports (2)
- 6 Declaration of Conformity Certificate, FCC Part 15, Subpart B, Class B
- 7 Photographs of the equipment

Sincerely,

Jay Sarkar
