Re: 3 GPP Testing on Novatel Merlin X950D Modem

Dear Sirs:

Regarding the product in question, two revisions have been tested and verified to be compliant with all relevant sections in CFR 47 Part 22 and 24, and FCC OET 65 SAR requirements.

The first revision supports 3GPP Release 5, HSDPA functionality, results can be found in NTS Lab report No. CG-626-RA-1-1, Dated 07/30/07.

The second revision supports 3GPP Release 6, HSUPA functionality, results can be found in the attached CETECOM Inc. Report.

There are no hardware changes between these revisions of product.

Sincerely,

Todd Gallagher
