## Request for Class II Permissive Change

To Whom It May Concern:

**We changed NCMOMO0401.**

- Remove of WCDMA FDD band II and band V support. This implies that we removed 2 power amplifiers from the design.
- Add WCDMA FDD VIII support. This change is done by adding a new power amplifier to the design and changing the matching and filtering circuits of the transmitting and receiving path.

**Company :**  
Option N.V.
