RE: Gain Electronic Co., Ltd

FCC ID: NCT081K

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) FYI: For the future, a better and clearer version of application forms would be much appreciated. The scanned copies you sent are very difficult to read.
- 2.) Please provide an agent authorization letter identifying ECMG as authorized to act on behalf of the Applicant for this filing.
- 3.) Please provide two separate Confidentiality Request letters on applicant's letterhead requesting confidentiality as appropriate.
- 4.) Your Test Report, page 24, shows a limit below 1GHz of 46dBuV. To what does this limit refer? Please correct
- 5.) Your Test Report incorrectly refers to various FCC Rule Parts as 'Test Standards'. FCC Rules are not standards: ANSI C63.4 is a 'standard'. Please correct.
- 6.) Canada needs a proper cross-reference between various paragraphs in RSS-210 and any Part 15 test. Please provide a proper cross reference to RSS-210.
- 7.) Please provide objective evidence of compliance to 15.231(a)(1). I need some kind of evidence, such as test data or manufacturers description, that the five second requirement is met.
- 8.) Please confirm that no control can be locked into an "on" position and allow the device to transmit continuously.
- 9.) Please indicate where I may find the required 15.21 "Information to User" information.
- 10.) The label is very 'grainy' and it is difficult to read, especially the 15.19(a)(3) statement and IC ID. A clearer label would be appreciated.

William H. Graff
President

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
