TO WHOM IT MAY CONCERN

14 February 2022

Hereby we requests to delete the following grant from application
FCC ID: NF3-NRCS2P

Grant Type:	TC-Upload number:
DSS	TC879379 (issued 07/08/2020)

Reason:

By a mistake, the BLE technology was certified as DSS-equipment. This mistake has been corrected and the BLE documentation was added to the DTS-grant (TC641465, updated on 02/01/2022). The modification was handled under KDB-Number 305547.

We are aware that the origin grant only will be invisible on the FCC-database and that this procedure will have no impact the presence of the superseded document in other web databases.

Sincerely,

(Place, date)
