RE: TOHOKU ALPS CO., LTD.

FCC ID: NHVWBU613

Dear Mr. Dennis Ward,

Regarding the above referenced application, please find our reply to the comments dated June 13, 2003:

- 1) Please see the submitted "Revised Internal Photos."
- 2) Please see the submitted data of the peak reading. The peak signals of the harmonics are not greater than that of the fundamental.
- 3) Tohoku Alps confirmed that the word, "data" of "Communication data encryption" in users manual means the control signal.

We hope the above reply is satisfactory.

If any problems, please let us know.

Best regards,

Yukari Ito (Ms.)

UL Apex Co., Ltd.
