

00-000000-005

This block contains two pieces of equipment connected by a multi-colored ribbon cable. On the left is a silver metal box with four SMA connectors on top. On the right is a grey plastic box with a label that reads "100 MHz (100 MHz) 100 MHz (100 MHz)".

This block shows a white handheld device, possibly a probe or a specialized antenna, connected to a silver metal box. The metal box has a label that reads "100 MHz (100 MHz) 100 MHz (100 MHz)". A black cable with an orange connector is plugged into the metal box. The handheld device has a yellow label that reads "Zubehör 100MHz/12/03".
