Vengeance™ M60

Thanks for your purchase of the Corsair M60 Gaming Mouse (CH-9000001). The Corsair Vengeance M60 has been designed for FPS (first-person shooter) gamers who need a mouse that's exceptionally precise and responsive, and that can be tuned to their requirements so that it enhances their gaming performance. The M60 has been crafted with a solidity and quality unlike any other gaming mouse, using a single-piece, machined aluminum chassis that gives it a premium 'feel' that is unequalled by any other FPS gaming mouse on the market. It offers a level of performance, reliability, durability, and desirability that is unrivalled.

This guide contains information on the new Corsair Vengeance M60 Gaming Mouse.

energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
