Equipment Authorization Division
7345 Oakland Mills Road
Columbia, Maryland 21046

Subject: Class II permissive change request for FCC ID: NJA-LR560

To whom it may concern

The Siemens LR560 Tank Level Probing Radar is also capable of operating as Level Probing Radar.

The device has been operating as Level Probing Radar for several years in Europe and following recent publication of 47CFR15.256, we wish the device to be able to operate in the USA as well.

No hardware change is necessary and additional antenna information is provided in *LPR Operation description for LR560*. Details of how compliance with relevant requirements is demonstrated are contained in *47CFR15.256_compliance*.

Yours Sincerely

Charlie Blackham
Director
