EXHIBIT 6

“Test Setup Photos”

**This exhibit is submitted to comply in part with
FCC 47CFR section 2.1033 part b item 6:**

“A report of measurements showing compliance with the pertinent FCC technical requirements. This report shall identify the test procedure used (e.g. specify the FCC test procedure, or industry test procedure that was used), the date the measurements were made, the location where the measurements were made, and the device that was tested (model and serial number, if available). The report shall include sample calculations showing how the measurement results were converted for comparison with the technical requirements.”

**This exhibit is submitted to comply in part with
FCC 47CFR section 2.1033 part c item 14:**

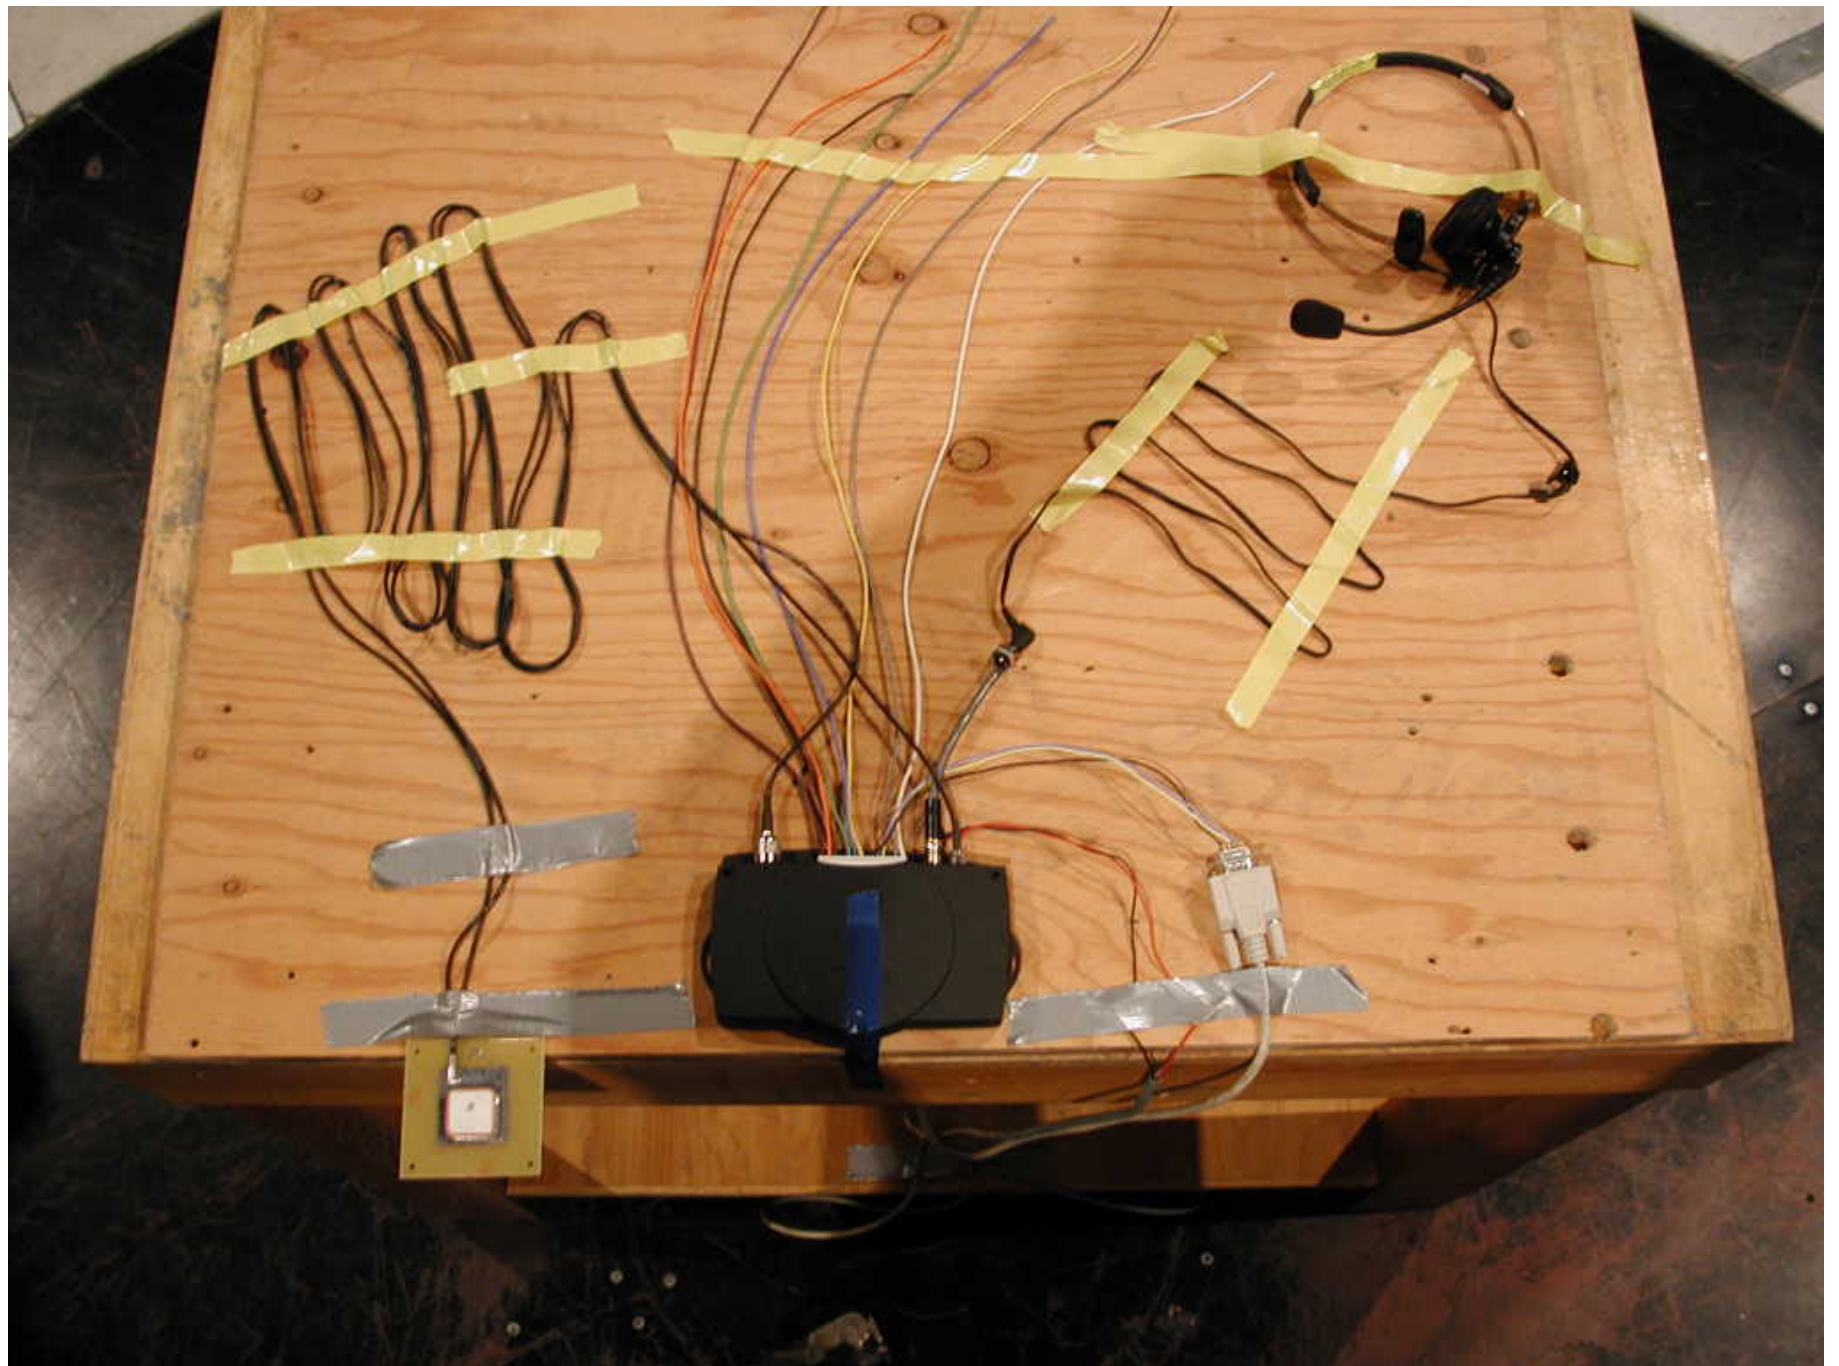

“The data required by sections 2.1046 through 2.1057, inclusive, measured in accordance with the procedures set out in section 2.1041.”

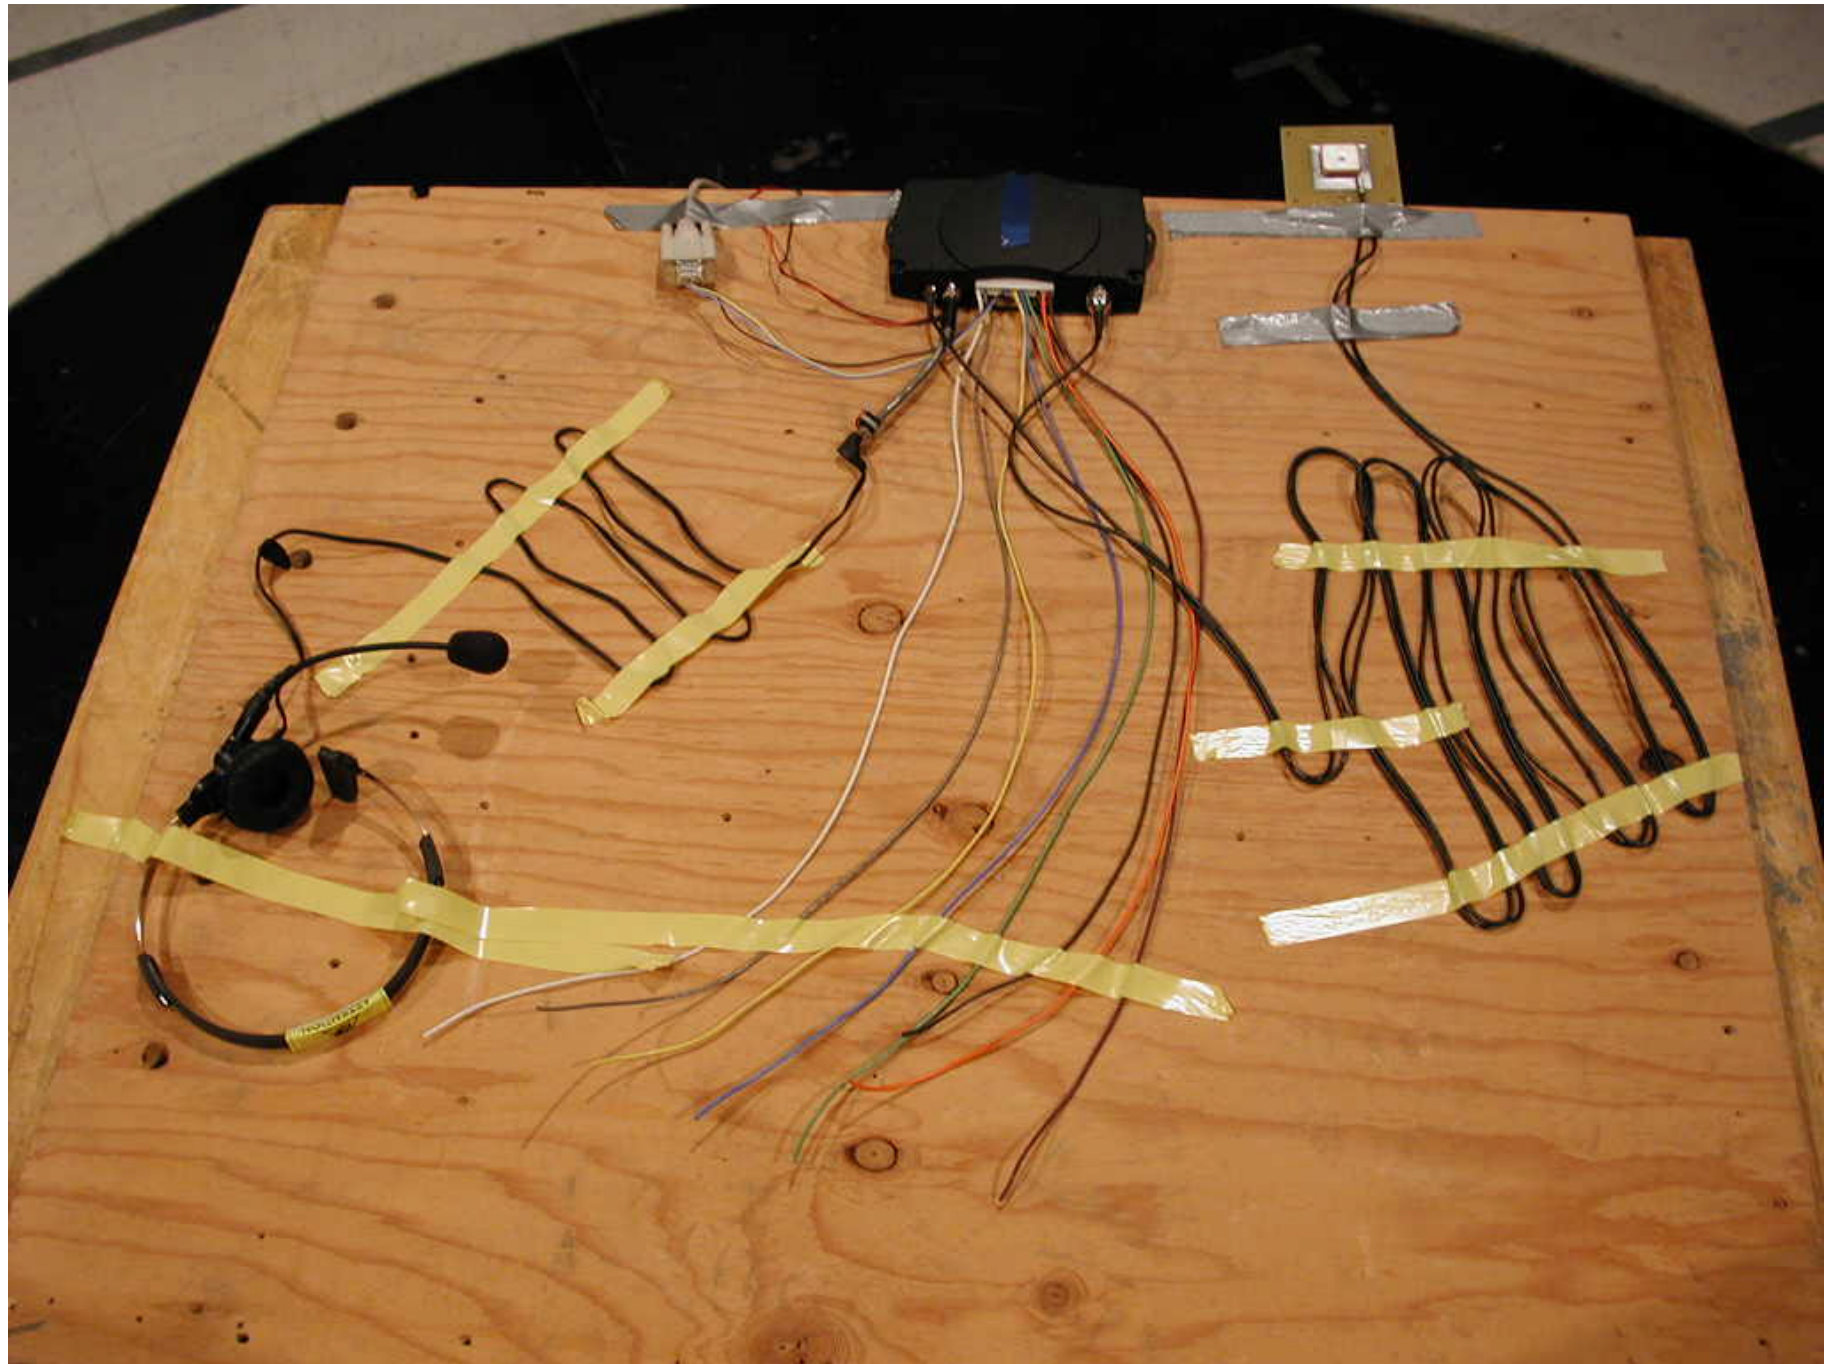

Submission examination in detail on FCC 47CFR section 2.1033 part b item 6:

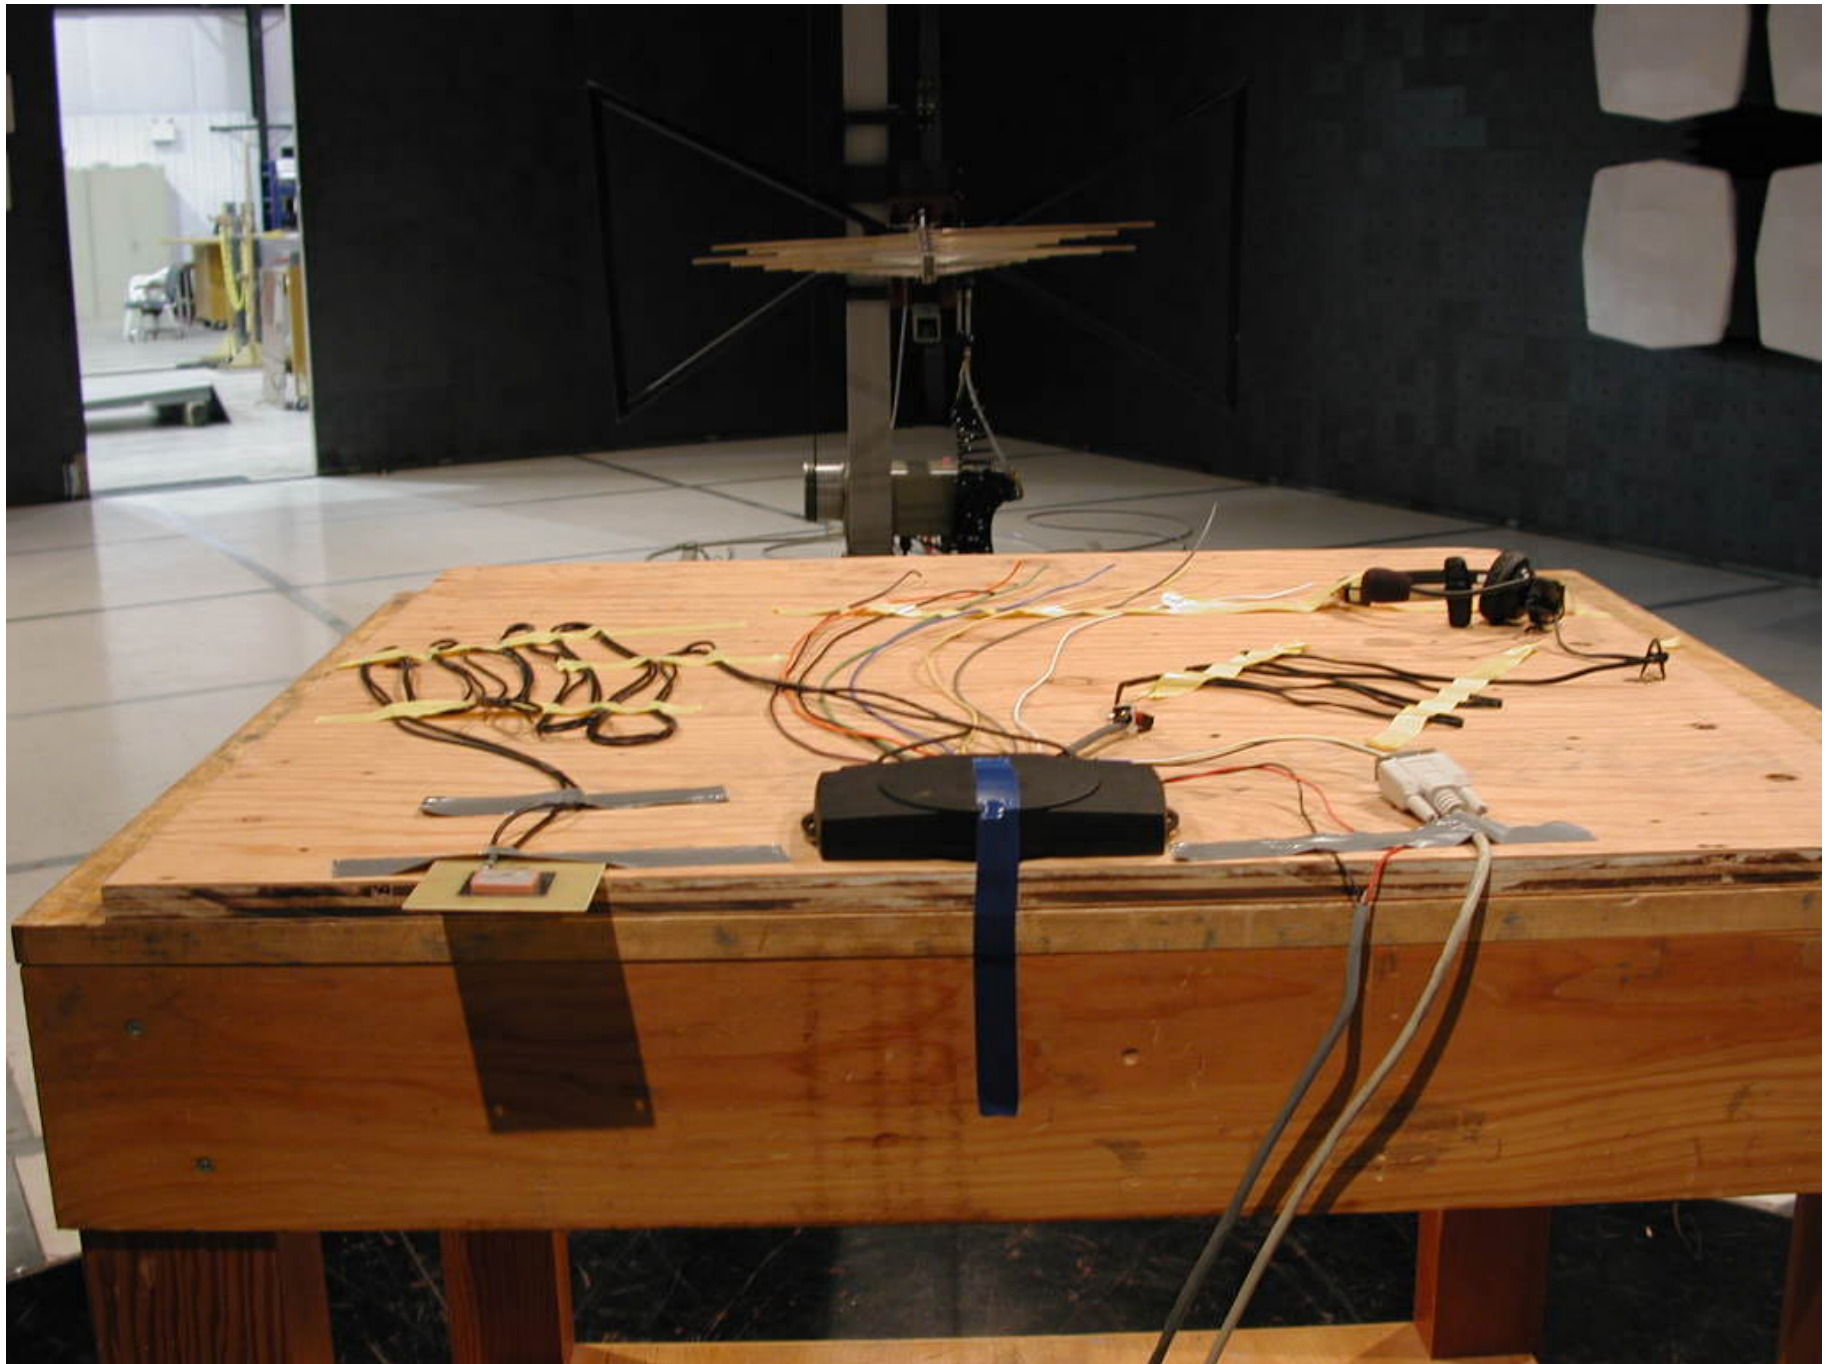

Whereas the photographs of the equipment under test for radiated energy are shown, and repeated from the test report, the requirement is evidenced.
