Reference: FCC ID: NKM313

Gentlemen,

This application is being filed for an original grant pursuant to parts 2 and 15, subpart B of the FCC rules for a Transmitter operating at 313.52 MHz. pursuant to Section 15.231 of the Rules. The transition rule in Section 15.37 does not apply. This device shows compliance under the new rules adopted with Docket 87-389.

The enclosure on the unit tested is entirely uncoated plastic.

The antenna which will be furnished with the product is completely internal as indicated in the Exhibit 3 photographs, and is, therefore not accessible to the user for compliance with Section 15.203.

The application exhibits are organized as follows:

Exhibit 1: FCC ID plate and location.
Exhibit 2: Responsibility of the Grantee and Statement of Test Accuracy.
Exhibit 3: UUT External Photos
Exhibit 5: Schematics
Exhibit 6: EMI Test Report
Exhibit 7: Test Photos
Exhibit 8: Users Manual
Exhibit 9: Internal Photos
Exhibit 13: Cover Letter, Letter of Authorization

Thank you for your time and attention to these matters.

Sincerely,

Mark Lapchak
President
