### Request for transmitter Full Modular Approval

#### Transmitter Module Characteristics

#### Item Requirements EUT

|   |     |  |  |
|---|-----|--|--|
| 1 | Yes | Have its own RF shielding  | Have its own RF shielding<br>Please refer to Photos                                  |
| 2 | Yes | Have buffered modulation/data inputs (if such inputs are provided),  | Have buffered modulation/data inputs,<br>Please refer to block diagram and schematic |
| 3 | Yes | Have it own power supply regulation  | Have it own power supply regulation<br>Please refer to block diagram and schematic   |
| 4 | Yes | Meet the antenna requirements of Section 15.203  | Meet the antenna requirements of Section 15.203<br>Show antenna information          |
| 5 | Yes | Be tested in a stand-alone configuration, i.e., the antenna, AC or DC power and data input/output lines must be connected to the module but, the module must not be inside another case during testing | Please refer to test setup photos  |

|   |   |   |
|---|---|---|
| 6 | Yes<br>Be labeled with its own FCC ID number, <b>and</b> if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module.   | Be labeled with its own FCC ID number<br>Please refer to Label information  |
| 7 | Yes<br>The modular transmitter must comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.<br>A copy of these instructions must be included in the application for equipment authorization. | Please refer to User manual,<br>There are no adjustable components in the RF section  |
| 8 | Yes<br>Address compliance with the Commission's RF exposure limits in Sections 1.1310 and 2.1093.<br>In addition, spread spectrum transmitters operating under Section 15.247 are required to address RF exposure compliance in accordance with Section 15.247(b)(4).   | The card-edge interface of the module is proprietary and can only be found on Rocketboost products that qualify for mobile or stationary operation.<br>Please also refer to test reports. |
