Request for transmitter Full Modular Approval

Transmitter Module Characteristics

Item Requirements EUT

1	Yes	Have its own RF shielding	Have its own RF shielding Please refer to Photos
2	Yes	Have buffered modulation/data inputs (if such inputs are provided),	Have buffered modulation/data inputs, Please refer to block diagram and schematic
3	Yes	Have it own power supply regulation	Have it own power supply regulation Please refer to block diagram and schematic
4	Yes	Meet the antenna requirements of Section 15.203	Meet the antenna requirements of Section 15.203 Show antenna information
5	Yes	Be tested in a stand-alone configuration, i.e., the antenna, AC or DC power and data input/output lines must be connected to the module but, the module must not be inside another case during testing	Please refer to test setup photos

6	<p>Yes Be labeled with its own FCC ID number, and if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module.</p>	<p>Be labeled with its own FCC ID number Please refer to Label information</p>
7	<p>Yes The modular transmitter must comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. A copy of these instructions must be included in the application for equipment authorization.</p>	<p>Please refer to User manual , There are no adjustable components in the RF section</p>
8	<p>Yes Address compliance with the Commission's RF exposure limits in Sections 1.1310 and 2.1093. In addition, spread spectrum transmitters operating under Section 15.247 are required to address RF exposure compliance in accordance with Section 15.247(b)(4).</p>	<p>The card-edge interface of the module is proprietary and can only be found on Rocketboost products that qualify for mobile or stationary operation. Please also refer to test reports.</p>
