Subject: Operating frequencies

Please fix the frequencies listed on the grant. They are supposed to be from center frequency of the lowest operating channel to the uppermost operating channel; not the entire band.

<Response>

Dear Carlos,

The reason of using full range frequencies on the grant is due to the fact that this is a C2PC application. And per FCC policy the C2PC application shall inherit the previous grant profile to mention the filing consistence. Please see the grant history and the frequencies listed on the grants below.

Grant date	Application type	TCB	Frequencies listed
06/15/2004	Original	American TCB, Inc.	5150-5350 5725-5825
02/01/2006	C2PC	Nemko Canada Inc.	5150-5350 5725-5825
04/20/2006	C2PC	American TCB, Inc.	5150-5350 5725-5825
08/09/2007	C2PC	Curtis-Straus LLC	5150-5350 5725-5825

Thanks and please let us know if there is any policy change.

Best regards,

Steve Cheng
Curtis-Straus LLC
