RE: Request for Confidentiality

FCCID: ; NM5WL2400-ISA

DATE: June 15, 1999

Gentlemen:

In accordance with FCC Rules Part 0.459, we hereby request confidential treatment for the above referenced Certification application. The items to be held in confidence include all submitted schematic diagrams.

Extensive research and development efforts have provided us with spread spectrum radio technology that significantly outperforms much of the competition. This new technology gives our company a competitive advantage, and we feel that our efforts could be quickly undermined if the design information were to be made public.

Sincerely,

A handwritten signature in black ink, appearing to read "mfy", is written over a circular stamp or mark.
