

The Grantee will need to provide the TCB with a letter on the company letterhead requesting a Grant Deferral. The grant deferral should include the following:

1. FCC ID: NM82QD4100 and IC: 4115A-2QD4100
2. Date of requested Grant and/or REL release issue date and if applicable the time.
3. Signed by the authorized person listed with the FCC and ISED Canada of said company.
4. If a scheduled meeting is required on the day and time of the scheduled release date/time of the grant/REL listing.

The client shall notify the TCB of any changes to the requested date and time of the requested submittal by sending a letter signed by the authorized representative to the TCB Certifier and copy email address Timco Certification <cb@industrial-ia.com> . If needed, the TCB can schedule a meeting during the scheduled day/time the grant is to be released.

Example Grant Deferral:

To TUV Rheinland TCB/FCB,

We are requesting a Grant Deferral and delayed REL release as noted below. (all information required)

Company Name: HTC Corporation

**FCC Grant Deferral Information**

FCC ID: NM82QD4100

Deferral Date: 2024.09.30

Deferral Time (Leave Blank if Not Applicable): \_\_\_\_\_

**ISED Canada Deferral Information**

IC: 4115A-2QD4100

Deferral Date: 2024.09.30

Deferral Time (Leave Blank if Not Applicable): \_\_\_\_\_

(Select the appropriate box below).

Prior to release of the certification, we request to have a meeting with the TCB Certifier on the day that the grant is scheduled be released on the FCC and ISED Canada website to re-confirm the timing of the certificate release with us. (Note – by selecting this service, the certification will not be automatically set for release but will remain in draft form until the TCB has final confirmation for release)

We do not require a reconfirmation meeting before the scheduled release (Note - by selecting this service, the certification will be automatically released on the preselected date).

Any date changes to the Grant and REL listing are required to be communicated to TUV Rheinland by resubmittal of this application 48 hours prior to the scheduled release to insure adequate time to make required changes.
