Dear Jessica,

The review of this application is complete. There are a few items that need confirmation, but no technical issues. Please reply to these items by email so this application can be processed for certification.

Q1 Please confirm that schematic, block diagram, parts list, internal photos and other documents remain identical to the original filing or provide revised documents for any that have changed.

Ans: Yes, all the document as above will not be any changed.

Q2: Please confirm that there has been no change to the Bluetooth circuits and that the Bluetooth was operating during the EMC and SAR tests.

Ans: There will not be any change in Bluetooth part.

Q3: Please confirm that the change would have no effect on the HAC evaluation performed in the original filing.

Ans: Sorry for the mistake, plz have the HAC test report as attached.

Q4 : Replies to Q1 and Q2 will be used for the related Industry Canada Application AN08I2310. A separate notice will NOT be sent for that application.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Tim Dwyer
