Statement

We, HTC Corporation, states that our device, FCC ID: NM8PD26100, has no space to put the label except the battery compartment of this device. The label will put under the battery compartment and it is visible to the users as they purchase the products and install the battery.

Sincerely yours,

Kevin Yang/ Project Manager
WM Product & Project Management Dept.

Remark:

1. Cell phones or Cordless phones can have the Identifier in the battery compartment under certain conditions.

a) The available label area on the phone is limited because they are relatively small and have many contoured surfaces, keypads, LCD displays, charge contacts and/or other connectors.

b) The batteries for these devices are designed for easy removal and that the labels will be visible whenever the batteries are removed for charging or replacement

c) The label will be readily visible at the time of purchase because the phone will be marketed without the battery installed.
