Mr. Fujimoto:

In order for processing of this certification application (FCC ID: NMRTR4) to continue, the following issue(s) will have to be addressed:

- 1) The sample label does not indicate where the label will be located on the device.
- 2) The authorization letter does not authorize CE to act as an agent for the product being certified. Please submit a new letter.
- 3) Some ports of the operational description are not readable.
- 4) The two-condition statement in section 15.19(a)(3) of the rules must be placed on the device unless the unit is smaller than a man's palm. It is unclear whether this device is small enough. Please submit photographs of the device.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is NMRTR4.

Best regards,
