**Re: Application for Equipment Approval**

We are requesting the duplication of an Intel certificate for EJMGALVEN. I am sending an authorization letter from Intel permitting this duplication. I am also sending a sample of the InBus product label.

The InBus systems will be identical to the Intel systems. The only change made to the Intel product is the name change to InBus on the label. Please see the Intel file EJMGALVEN for details on test reports, photos etc.

Regards,

Jennifer Hery  
Project Manager
