1. Antenna Specifications

The TC190 has a MMCX connector and an onboard antenna. The module is built in host device by applicant. For integration the integration manual must be observed.

The antenna that is used in connection with TC190 depends on host device (e.g. portable, mobile fixed device).

All usable antennas for TC190 modules are listed in the following:

Model / No.	Manufacturer	Antenna Type	Maximum gain
Onboard antenna	HBC-radiomatic GmbH	Onboard	0 dBi
AB156010	HBC-radiomatic GmbH	Dipole	-0,5 dBi
AA030001	HBC-radiomatic GmbH	Sleeve	3,1 dBi
AA050004	HBC-radiomatic GmbH	Sleeve	2,0 dBi
AA060013	HBC-radiomatic GmbH	Colinear	3,0 dBi
