RE: PART 15 UNLICENSED MODULAR TRANSMITTER APPROVAL

To Whom It May Concern:

We, (*HBC-radiomatic GmbH*), hereby requests for part 15 unlicensed modular transmitter approval of our device, described as follows:

Model name: TF010010  
FCC ID: NO9TF010

In FCC Public Notice DA 00-1407 released June 26,2000 there are eight numbered requirements that our device complies with:

- 1. *The modular transmitter TF011010 has its own shielding.***
- 2. *The modular transmitter TF011010 contains the controller STM32F030 for data communication. So it has buffered data inputs.***
- 3. *The modular transmitter TF011010 contains the linear voltage regulator TPS73230 for its own power supply voltage regulation.***
- 4. *The modular transmitter TF011010 has an integrated RFID-antenna, which complies with the antenna requirements of Section 15.203 and 15.204c***
- 5. *The modular transmitter TF011010 was tested in a stand-alone configuration (test report of EMV-Testhaus)***
- 6. *The modular transmitter TF011010 is labelled with its own FCC ID number***
- 7. *For the modular transmitter TF011010 the exists an integration manual which contains the integration requirements of the module an the host. This integration manual is provided to the integration factories.***
- 8. *The modular transmitter must comply with any applicable RF exposure requirements.***

Not applicable, as this device complies with §15.209 /15.225 and is therefore categorically excluded from the FCC RF exposure requirements.
